ARYAN KUSHWAHA

Consultant, Deloitte Digital

Consultant
Technology
Deloitte Digital
Hyderabad, India

Summary of professional experience:

Aryan is an accomplished Consultant with around 3 years of expertise in Power Apps, Power BI and Dynamics CRM. He excels in delivering customized solutions using Power Platform Technologies. Aryan possesses extensive knowledge in different modules, with a proven track record in implementing model-driven solutions. He is skilled in working independently and collaboratively, ensuring efficient project delivery. Aryan's proficiency in Power Automate and Power BI (both Power BI Report Builder and SQL Sever Reporting Services) complements his ability to drive business growth through innovative and tailored solutions. His expertise extends to Azure, including Web jobs. He is also very well versed with Power BI Desktop. His comprehensive understanding of custom model-driven app solutions further highlights his capability to deliver impactful results.
